Onze stoffen

Voor onze producten werken we met zorgvuldig samengestelde stoffen. Deze stoffen hebben we ingedeeld in stofgroepen. De stoffen zijn uitgekozen op kwaliteit, uitstraling en geschiktheid voor onze toepassingen. Door de stoffen te bundelen in heldere categorieën ontstaat een overzichtelijke keuze, waarbij prijsniveau, prestaties en materiaaltype op een logische manier samenkomen.

Zo bieden we een gebalanceerd aanbod van functionele projectstoffen, natuurlijke materialen zoals wolvilt en duurzame opties met een lage milieu-impact.
